

Medical Malpractice

Medical Malpractice is a fusion of Professional Indemnity and General Liability Insurance.

Cover is offered for medical treatment that is perceived to have fallen below the acceptable practice of medical standards. Cover will indemnify you for both the legal costs of defending action and any subsequent damages.

At ATM UNDERWRITERS we have a detailed knowledge of the medical sector and the risks companies face. It is not only Doctors and Nurses that require Medical Malpractice Insurance. It is essential for anyone providing medical care and other treatments to have the right cover in place.
