...from an actual claims review

As of the end of September 2022, Policy Holder had 267 claims over a 23-month period with Nixer versus 174 claims over a 24-month period with the Prior Carrier.

The Policy Holder averages roughly 12 claims per month, so over a 24-month period this equates to 279 claims with Nixer. This is 105 more claims than the 24-month period with the Prior Carrier. Frequency increased, on average, 4 claims per month, or 57%. This equates to 40% more claims and 32% less total incurred per claim than the Prior Carrier.

- Total Incurred with Nixer is 32% per claim LESS than the Prior Carrier.
- Average Indemnity Cost is 52.56% per claim LESS than the Prior Carrier.
- Average Medical Cost is 19% higher per claim which has been influenced by the overall increase in cost of medical care.
- Average Expenses (Legal, Rehab, All other Expenses) is 44.40% per claim LESS than the Prior Carrier.
- Average number of days from Report to the Claim is closed is 52.6% or 91-days LESS than the Prior Carrier.

This is the Nixer Difference

	Prior Carrier	Nixer Comp	Benefit Nixer Comp Over Prior Carrier	Nixer Comp X% Less Than Prior Carrier
Average Total Incurred Per Claim	17,959.18	12,206.35	5,752.83	32.03%
Average Indemnity Per Claim	6,759.58	3,206.53	3,553.05	52.56%
