About Us

PLM is America's premier property and casualty insurance company dedicated to serving the lumber and woodworking industries for over a century. PLM protects wood-related businesses from lumber to wood product manufacturers, sawmills, and the retail operations that support the industry.

HardwareXpress Highlights

Mutual Insurer

As a mutual company, there are no shareholders – we are focused exclusively on the needs of our policyholders.

All Inclusive Program

Comprehensive coverage that is specially crafted to fit the needs of hardware stores including cyber, employment practices, and profits.

Quick & Easy Quote Process

Bindable quote in 48-hours.
No pre-inspection required. *

Competitive Rates

Benefit from our years of industry knowledge and expertise in the lumber and building material industries.

Anytime Risk Management (ARM)

With ARM, you have the flexibility to take control of your company's risk management process on your own time while taking advantage of our highly experienced, industry specific risk management tools.

Experienced Claims Handling

Deep industry knowledge and experience serving wood-based businesses allows for fast and fair claims response and handling.

Set It & Forget It

Lock in your pricing with a 2-year policy and take advantage of our automatic payment options.
