SUPERIOR-RATED POLICIES WITH HIGH-LIMIT PROTECTION

RMS Hospitality Group offers the selection of programs, the coverage limits, and underwriting expertise to help protect the wide range of businesses you represent.

GENERAL LIABILITY

Coverage for bodily injuries and property damages from incidents that may occur within its premises and parking lot. From the frequent slip & fall claims to the more complex lawsuits, you'll be delivering your client the peace of mind of insurance from RMS HG.

LIQUOR LIABILITY

Losses related to the ever-present threat of alcohol-related lawsuits can be catastrophic for business owners. RMS HG provides high limits on coverage options for property damage or bodily injuries caused by alcohol-impaired patrons.

ASSAULT & BATTERY

RMS HG can protect policyholders from A&B claims that arise out of patron-on-patron claims as well as agent-on-patron claims. Don't leave your clients exposed by policies from other carriers that may not provide both types of coverages.

PRODUCTS/COMPLETED OPERATIONS

While general liability coverage may protect business owners from claims that result from incidents on premises, many bar and club owners need the added coverage from RMS HG for products/completed operations that covers for bodily injury and property damage that occurs away from the business premises.

EXCESS LIABILITY

For clients who require additional limits in excess of standard RMS HG policy limits, we offer excess liability.
