

Builder's Risk

Property Protection from Ground-Breaking through Certificate of Occupancy

Weather-related damage, equipment failure, theft, fire, and related construction risks can topple even the best planned projects. The Safehold Builder's Risk Program provides comprehensive property protection for residential and commercial projects of all types, sizes, and complexities – from single-family houses to large, multimillion-dollar office buildings, including those requiring multiple carriers and layered coverage. The Safehold team of experienced professionals can help fortify your risk management plan while creating a secure insurance foundation for today's projects and beyond.

Comprehensive Insurance Solutions

- Fire
- Theft
- Vandalism
- Wind, earthquake, and flood
- Installation floater
- Installed equipment
- Permanent fencing and foundations
- Debris removal

- Fire department services
- Trees, shrubs, and plants
- Pollution cleanup
- Transit
- Temporary storage

In addition, the Safehold Builder's Risk Program offers project-specific options, such as coverage for a delay in completion, renovation projects, installation floater, and other construction projects. Our program offers low minimum premiums, flexible policy periods of three to 36 months, and highly competitive pricing.
