

SPS - Specialty Program Solutions

SPS is a Program Administrator/ Managing General Agent with over 20 years insurance experience focusing exclusively in the Inland Marine class.

As an industry leader, we are committed to consistently delivering underwriting expertise and unmatched service. In partnership with our key producers, we are always seeking opportunities to enhance our offering and adapt to changing needs.

Logging & Construction Inland Marine Program

Designed specifically for the logging and construction industry, our flagship program serves:

- Logging Operations
- Woodyard & Sawmill Operations
- Chipping Operations
- Land Clearing Contractors
- Timber Dealers
- General Contractors & Developers
- Grading & Excavation Contractors
- Right of Way Clearing Contractors
- Street & Road Contractors
- Artisan Contractors
- Utility Contractors
- All other Contractors' Equipment

We primarily underwrite risks located in AL, AR, FL, GA, LA, MS, NC, OK, SC, TN, TX and VA. Contact your underwriter for details on additional state opportunities.

Inland Marine Coverage

- First party physical damage coverage for mobile equipment, machinery and tools typical to the logging and construction trade. Additional industry-specific coverages are also available by endorsement.

Program Limits

- All-Risk Coverage – Flood & Quake Included (subject to underwriting)

Company/ Writing Paper

- Berkley Program Specialists, a W.R. Berkley Company/ StarNet Insurance Company
- Admitted, A+ XV

SPS is committed to *'Executing on Excellence'*:

Industry Focused –

SPS concentrates exclusively on Inland Marine, allowing our dedicated team to master this business. We have the people, skills and specialized knowledge you can rely on to help grow your business. This combination truly makes for a winning formula.

Unparalleled Service –

In today's market, our clients require impeccable execution to win and retain business. We know our response and attention to detail are a reflection on you and can make all the difference. We hold ourselves accountable to high service standards with typical 24-48 hour turnaround on the majority of quote and policy handling requests.

Long-Standing Partnerships –

Our relationships are at the center of everything we do and have withstood the test of time. On average, there is over 10 years of history and trust in working with our staff to help place business for their insureds. We also partner with A rated or better companies to provide financially secure and competitive products. We value each of these strategic relationships as they have been the cornerstone to success through the years.

Other Inland Marine Programs

We serve a wide variety of other classes. Additional solutions offered by SPS include, but are not limited to:

- **Builder's Risk:**

Provides single shot and master programs for owners of large, new and renovation construction projects

- **Homebuilders:**

Covers residential general contractors building custom and tract home developments

- **Installation Floaters:**

Covers property stored, transported and installed by a contractor (for specific jobs or on a reporting basis) until work is accepted by the purchaser(s)

- **Warehouseman's Legal Liability:**

Provides small to mid-sized warehouses with third party coverage for customers' possessions while stored

- **Motor Truck Cargo Liability & Direct**

Damage: Provides specialized coverage for goods in transit by small to mid-sized fleets

- **Miscellaneous**

Floaters: Covers bailees' customers (property in insured's custody for cleaning/servicing), camera/video equipment, musical instruments and other mobile property on/off premise and in transit

- **Fine Arts:** Covers collectibles and objects for dealers, galleries, museums, artists and individuals

- **Electronic Data Processing, Scientific Instruments & Medical Equipment:**

Provides property coverage for specialized mobile or stationary equipment from computer systems to MRI machines

- **Difference in Conditions (DIC):**

Offers broadened property coverage for non-hazardous flood and earthquake perils typically excluded from standard policies
